

The following scenarios may occur:

A. The Exhibitor offers pre-packaged food directly (without using any external company or professional) to the guests as part of an event .

- In the case of an event held at the Milan Exhibition Centre (Fieramilanocity), the Exhibitor must submit a health notification file to the relevant ATS (Italian Health Service Agency) through the **SUEV** desk at the **Municipality of Milan**; in the case of an event at the **Rho Exhibition Centre**, no such file *is required* as the tasting of food from its packaging is not classified as "serving".
- The Exhibitor shall in any case be fully responsible for compliance with general hygiene regulations and the protection of consumer health.
- The Exhibitor must upload on the **Exhibitors portal** of Fiera Milano - **Card Section - Manage Documents - Compulsory Documents**, the Letter of Indemnity filled in on letterhead, signed and stamped (see template in Attachment 1).

B. The Exhibitor shall directly prepare, preserve and/or serve the food.

- The Exhibitor must send the SCIA (to report the start of a temporary catering activity) to the relevant Municipality (Milan Municipality for events held at the Milan exhibition centre and Rho Municipality for events held at the Rho Exhibition Centre) in his own name, using a specific digital procedure that may vary from one Municipality to the other (you should check with the relevant SUAP beforehand by accessing the website www.Impresainungiorno.gov.it):

- The main telematic portals used by municipalities are:

- o www.Impresainungiorno.gov.it (call center number: +39 06 64892892)
- o <https://starweb.infocamere.it>

Detailed information can be found directly on the indicated portals or by calling the dedicated number.

- To autonomously use such portals the Exhibitor must be in possession of a Pec mailbox along with the digital signature of the legal representative of the company
- A completed indemnity letter printed and stamped on Exhibitor's headed paper (see facsimile Annex 1) will be raised and loaded onto Card Section- the "**Compulsory Documents**" section of Fiera Milano Exhibitor platform

C. The exhibitor instructs an external catering company to perform a service at its stand during a trade fair.

- The exhibitor prepares a letter of assignment to the catering company for the performance of the service at its stand.
- The catering company submits the request for access permits to Fiera Milano – ACCESSI Office (persons and vehicles) together with the documentation required under Annexes A and B.
- Following FIERA MILANO authorisation to perform catering activity, the Catering Company will collect passes at ACCESSI Office and complete relative payments. (ANNEX C – Information)
- A completed indemnity letter printed and stamped on Exhibitor's headed paper (see facsimile Annex 1) will be raised and loaded onto Card section - "compulsory documents" section of Fiera Milano e-service platform
- The Catering Company, soon after having been appointed, will present the SCIA by telematic transfer to the Municipality of reference; this to declare the start of a temporary administration.
